(1) Total tuition for a given period of attendance is determined by multiplying the number of credit hours by the cost per credit unit. Total Program Cost does not reflect any subsequent tuition reductions for any transfer credit approved by LVC.

(2) Note: Students enrolling in these programs must also pass the Test of Essential Academic Skills (TEAS) as well as a criminal background check and fingerprinting/drug screening as explained in the admissions section of this catalog. (RN to BSN students will not take the TEAS.) Fees for these procedures will be paid directly by the student to the testing entities. See Admissions Advisor for more details.

(3) RN to BSN is a 196-quarter credit degree completion program. Students enrolling in the RN to BSN program must have earned an associate degree in nursing, meaning they will have already earned 106 of the 196 credits required for graduation from the RN to BSN program prior to enrollment. The Tuition and Fee Schedule shows the remaining 90 credits RN to BSN students will complete for their program of study at LVC.

(4) If a student has not successfully completed one or more of the general education courses required for admission to the RN to BSN program as part of a previous education program, they will be required to complete the course(s) prior to graduation. The student may complete this requirement through the LVC Nursing program at the Nursing program's cost per credit.
